Remember that under the new rules of racing an event is qualifying even when only two crews race. Any crew that does not wish to take part in a two-boat straight final should make this clear on its entry.

Doubling: Any doubling up of crews or boats must be notified.

No competitor or boat may enter more than two events.

In recent years the regatta has consistently been over-subscribed and we have had to turn entries away. If we are over-subscribed this year, crews whose members are entered in more than one other event run an increased risk of having their entries declined.
